TRIM SIZE: 5.9" x 9.2"

Putting the “graphic” back in graphic novel, this unconventional supernatural romance takes a hard look at sex and violence, and the very different ways we obsessively watch both.

Hundreds of years in the future, New York City is haunted by many ghosts, including a voyeuristic woman who died in our present day and a mysterious gun-toting man from the distant past. Normally solo travelers, these two specters meet each other just in time to observe what might be the end of the (living) world.

Three years in the making, this lavishly hand-painted epic is the most ambitious collaboration yet between *Pride of Baghdad* artist **NIKO HENRICHON** and *SAGA* writer **BRIAN K. VAUGHAN**.

Praise for **FREE PLANET**:

“A kind of space-politics-opera, brings shades of the cosmic imagination of Jack Vance, Jack Kirby, and Samuel Delany and Howard Chaykin’s great lost *Empire*—but with a special supercharged future-fictional-Wikipedia density of its own.”

—**JONATHAN LETHEM** (*The Fortress of Solitude*, *Motherless Brooklyn*)

“A great comic book series, a synergy of text and image possessed with a density of vision that shames most any other attempt at legitimate space opera in comics.”

—**HOWARD CHAYKIN** (*American Flag*, *TIME2*)

“Incredibly imaginative world-building, all around compelling characters who have depth. Read this!”

After the peace & love of Woodstock, the fury and disaster of Altamont...

December 1969. Woodstock and the Flower Power wave have swept the East Coast and in response, the West Coast turns up the decibels with a festival of their own on the Altamont racetrack in Northern California. The biggest bands are booked, The Rolling Stones are headlining, and 300,000 people are expected for this peace, love, and rock'n'roll event.

Jenny and her friends hop in their Volkswagen van and road trip from Los Angeles, the smell of marijuana trailing behind them, the promise of good music and good times ahead of them. Shortly after their arrival, tensions rise, a fight breaks out in the crowd, and pandemonium ensues. Hired to ensure security and paid in beer, the Hells Angels begin moving the crowd away from the stage with bats and chains, but the poorly organized event quickly spirals out of control and the dream of a 'Woodstock West' takes a deadly turn.

ALTAMONT follows the story of Jenny and each of her friends as they navigate love, friendship, and their own personal demons all while trying to make it out of the concert alive. It was supposed to be a beautiful, free festival—a celebration of love and sharing. Instead, the Altamont Speedway Free Festival became the symbol of the end of an era.

Illustrated by the artist of **THE WALKING DEAD** in a vintage style borrowed from pop art of the 1960s, **CHARLIE ADLARD** and **HERIK HANNA** mix fact with fiction as they explore this infamous moment in cultural history by giving us a disenchanting portrait of a free and dreamy youth, marked by the Vietnam War.

—Ed Stanton, NASA Orion Engineer, Kennedy Space Center

The cult-favorite, political sci-fi series is collected, for the first time, in one complete volume.

When newly elected president Stephen Blades is sworn into office, the last thing he expected to find on his desk was a letter written by the outgoing president, alerting him to a harrowing secret kept hidden from the world: seven years ago, NASA discovered alien presence in the asteroid belt and sent a stealth mission crewed by nine astronauts to make contact.

President Blades has just become the most powerful man on the planet. But only this planet.

Mixing provocative political intrigue with high-stakes sci-fi action, **LETTER 44** is a gripping and complex look at leadership in the face of uncertainty

The third volume of the acclaimed series delivers two electrifying tales from the wastelands, including the award-winning and sold-out **GEIGER: GROUND ZERO!**

On his desperate quest to cure his radioactive existence, Geiger, alongside Barney and Nate the Nuclear Knight, stumbles upon a hidden pocket of civilization—a suburban mirage amidst the ruins of America's apocalypse. For the first time in years, Tariq Geiger sees a glimpse of what the world once was—and what it could be again. But the darkness hunting him isn't far behind, and when it finally arrives, Geiger's fury may burn brighter than ever before. The question isn't whether he'll go too far—it's how much of him will be left when it's over.

Then, witness the immediate fallout of the Unknown War as a newly transformed Geiger fights to survive both the lawless chaos of a broken world and the battle raging within his own nuclear-powered body. With only Dr. Andrei Molotov as his reluctant guide, Geiger must confront what he has become—before those hunting him can put an end to it.

When slasher hunters Cassie Hack & Vlad roll into Terminus, GA in search of a killer, they're instantly up to their asses in bounty hunters! Meanwhile, Mack "Clownface" Delgado needs to school his daughter Panda in the ways of Bodybagging, and it needs to happen quickly, which means a private school lock-in for baggers in training—and a teen-slicing slasher.

Yeah, big knives, short skirts, and swear words are gonna start flying.

Worlds collide in the most twisted crossover of 2024, that reintroduces the cult-favorite crew of **BODY BAGS**, from Eisner nominee **TIM SEELEY** (**LOCAL MAN**, **HACK/SLASH**) and OG **HACK/SLASH** artist **STEFANO CASELLI** (*Ultimate Black Panther*, *X-Men*)!
